Episode 711: Born to Be Styled

A motorcycle enthusiast can't seem to get her motor running when it comes to fashion. See if an intervention from her revved-up daughter, her fellow biker friend and one hot-rod stylist reveals a woman born to be styled--or an easy rider in bad clothes.

From a Life Without Fashion to Born to Be Styled

Fashion victim Thon has struggled with style all her life. Growing up, her family didn't have the funds to afford the clothes other kids were wearing. She figured that if she copied her father's taste in baggy clothing, the popular kids would think it was intentional and for the sake of comfort. As time went on, she stayed in the same baggy men's attire. Thon gets depressed about the difficulty she experiences in dressing her size-14 frame. The reason she agreed to this makeover is because she feels she has fallen into a rut--but now she's ready to reveal a refreshing new look.
